# Accreditation Committee Decision Regarding the Enhanced Teacher Education Program Verification Report Submitted by Wilfrid Laurier University, Faculty of Education

## Introduction

Effective September 1, 2015, Regulation 347/02, Accreditation of Teacher Education Programs made under the *Ontario College of Teachers Act* (the “Accreditation Regulation”), was amended to include new accreditation requirements for programs of professional education. These enhancements were designed to provide beginning teachers with more practical experience, education foundations and exposure to teaching methods that reflect the diverse needs of Ontario students.

In accordance with subsection 15.2 (3) of the Accreditation Regulation, Wilfrid Laurier University was required to submit a verification report to the Accreditation Committee on or before March 1, 2016 to demonstrate that their accredited program of professional education satisfies the amended accreditation requirements as they read on September 1, 2015. For the purposes of this transition, program changes made to meet the amended accreditation requirements were deemed not to constitute a substantial change as described in subsection 10 (2) or section 21 of the Accreditation Regulation.

In accordance with subsection 15.2 (3) of the Accreditation Regulation, the Accreditation Committee is required to review the verification report submitted and issue a decision,

- (a) confirming that the program fully or substantially satisfies the accreditation requirements and confirming the accredited status, or the accredited status with conditions, as the case may be, of the program;
- (b) confirming that the program substantially satisfies the requirements for accreditation and adding conditions for the continued accreditation of the program or changing conditions previously imposed on accreditation; or
- (c) revoking accreditation of the program if the Accreditation Committee finds that the program does not substantially satisfy the requirements for accreditation.

The Faculty of Education at Wilfrid Laurier University submitted a verification report to the Ontario College of Teachers on March 1, 2016 for continued accreditation of the following program of professional education:

- Consecutive program of professional education with areas of study in the Primary/Junior and Junior/Intermediate divisions, leading to a Bachelor of Education degree

The verification report includes:

1. The decisions of the Accreditation Committee dated June 11, 2009
2. The At-A-Glance Chart and Core Content Alignment Charts
3. The current Academic Calendar, the Program Handbook

4. The attestation by Wilfrid Laurier University, Faculty of Education which confirms that the facts and reasons upon which the Accreditation Committee rendered its most recent accreditation decision for Wilfrid Laurier University, Faculty of Education that preceded the verification report remain true, correct and complete.

By virtue of the authority granted under the *Ontario College of Teachers Act, 1996*, and the Accreditation Regulation, the Accreditation Committee reviewed the verification report to determine if the programs of professional education continue to qualify for accreditation.

In making its decision, the Accreditation Committee considered the verification report submitted by the provider, supplementary materials in the form of emails and documents and the regulatory requirements of section 9 of the Accreditation Regulation, as they read on September 1, 2015 following their modification in accordance with the new requirements for Ontario programs of professional education.

## **Decision of the Accreditation Committee at its Meeting of May 31, 2016**

The reasons for the committee's decision and the facts upon which it is based follow herein:

### **Findings**

The Accreditation Committee reviewed the verification report documentation provided by the Faculty of Education, Wilfrid Laurier University, and based on this evidence, the committee finds that the program as submitted fully satisfies the following enhanced program requirements:

- i. the program is at least four academic semesters, including the days of practical experience
- ii. the program includes a minimum of 80 days of practical experience, appropriate to the format and structure of the program, in schools or other situations approved by the College for observation and practice teaching, and
- iii. the program enables teacher candidates to acquire knowledge and skills in all of the elements set out in Schedule 1 of the Accreditation Regulation.

In Section C of the verification report, the faculty reports that its program format has changed since the last accreditation. Previously, the curriculum method courses and teachable subject courses were offered as separate courses. In the enhanced program format the subject specialty course and its related subject method course are combined into a single course. These courses continue to be taught by the teaching faculty subject specialists. In addition to these courses, all teacher candidates take a mandatory integrated curriculum course which explores how a range of the teachable subjects are taught in combination in the cross-curricular context of the elementary curriculum. Details in the addendum to the verification report provide sufficient evidence that Requirement 10 continues to be fully satisfied.

The committee accepts the attestation made by the Dean of the Faculty of Education, Wilfrid Laurier University that there are no other substantial program changes with the exception of those described in Section C of the verification report.

The committee has reviewed the reported program changes and finds that all accreditation requirements are fully satisfied.

## **Decision of the Accreditation Committee**

Pursuant to its authority under subsection 15.2 (5) of the Accreditation Regulation, and based on the reasons set out above, the Accreditation Committee issues the following decision.
